August & September

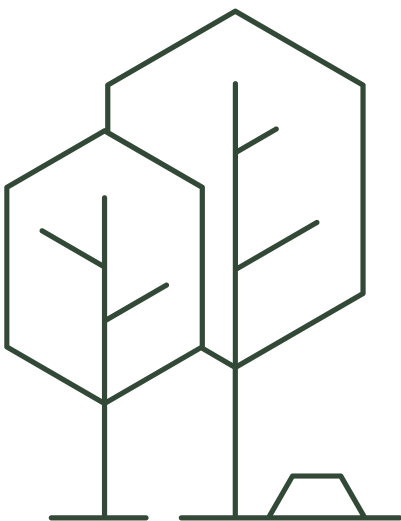

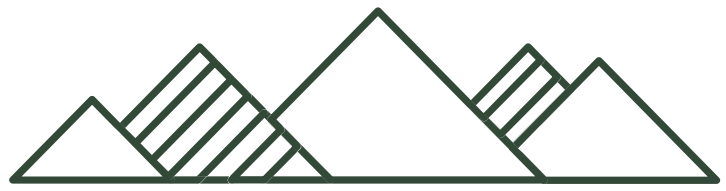

August and September were months of slow but steady progress at Steinreich Bibeschool. During this time we had the privilege of hosting new groups, continuing work in Reto Oasis and welcoming new team members. But before we go into detail, we would like to present the leading team of SBS, the Steinreich Bibelschool council:

The SBS council is formed by representatives from different organizations, as well as from each of the CME and CMM churches. It is a large council, as you can see from the photo above which was taken at a meeting we had on August 1st. This council gathers 2-3 times a year to gather information, vote on big decisions and report back to their organizations and churches. From within this large group an executive council of six people is elected.

This years executive council is seen in the photo below. Upon their shoulders lies the responsibility to lead Steinreich Bibelschool in the right direction. If it weren't for these groups of people, the Steinreich Bibleschool would not be where it is today.

As mentioned, Steinreich Bibleschool had the privilege of hosting a few groups. First a group of local pastors gathered at Steinreich Bibleschool for a team building session on September 1st. Afterward the pastors and deacons of two different conferences spent part of their yearly retreat at Steinreich Bibelschool on September 20th. It is an honor to host these church leaders and see them in action.

Pastor & Deacon Events

The SBS staff team was thrilled to welcome two new members. The first, who is the cutest of all, joined us on August 15th when he was born as the third son into Willie & Sharon Reimer's growing family. Elijah William's job includes eating, sleeping, growing and being a blessing to all.

New Staff Members

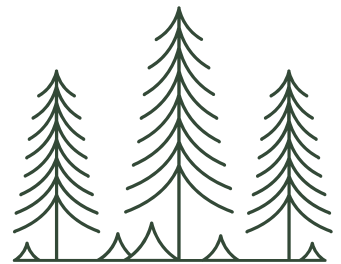

Next, on September 14th, Jenny Klassen joined the team. We witnessed Jenny's talent for photography first hand this year during the first three months of Bible school and knew that we wanted to hold onto her. She has joined the team as a photographer, teacher in photography and administrative assistant. She is a great contribution for SBS.

Reto Oasis

Willie Reimer has done an excellent job leading the construction of Reto Oasis. He, together with his assistant Peter Olfert, have spent endless hours planning, cementing, wood working and perfecting every detail. The project is not finished yet, but we firmly believe that before the end of the year we will have a fully functioning gym, classroom and project room for staff and students to enjoy in 2021.

Applications 2021

Most of all, we are excited to announce that the applications for 2021 will open on October 1st! We look forward to seeing all the students who will return and to meeting many new students. Check out our website www.sbschule.org and see if Steinreich Bibleschool is for you....
